This video is about Youth Underground and their new play “Act Up and Vote.” We interviewed two actors, Evan and Ty, who spoke to us about the importance of voting and staying politically engaged. They state that it is vital that the youth be involved in American politics because whether they realize it or not, they are directly impacted by them.

Introduces students to an ancient North American Indian culture that thrived briefly in a plateau in what is now Mesa Verde National Park, Colorado. Shows how archaeologists are able to reach some conclusions about how they lived. Features spectacular helicopter aerial shots. Director Van Bork said first heli pilot quit, thought job too dangerous. Pan shots often begin with abstract forms reminiscent of German expressionism. Outstanding musical score by Hans Wurman's percussion ensemble, narration by Jack Palance.

In the opening monologue, Steve Martin visibly struggled to hold back tears as he paid tribute to Gilda Radner, who had died of cancer the afternoon before the broadcast. Martin and Radner's "Dancing in the Dark" sketch, originally shown in episode 64 (S03E18) in 1978, was also offered in tribute. The show's bandleader G.E. Smith, who was also Radner's ex-husband, wore a black armband throughout the live show.

Ever since I was a kid and saw Gamera in a movie, I have actively seeked out any opportunity to see the flying turtle battle whatever foe possible. As one Japanese kid said in one of the Gamera movies, "Gamera - friend of children!"

I found a box turtle walking down the sidewalk in the 90s and promptly named him Gamera. Unfortunately Gamera met his match much later when he went up against a heavily fumigated cricket: 'Gamera vs. Cricketzilla'. (:0

I first saw this in college in 1984 or so in a literature course on American lit of the thirties. We learned about the post-depression leftist movement. The highlight for me was this movie. Powell is so intensely unflappable that it doesn't matter that he's not a young, tall pretty boy. Lombard is ethereal and solid at the same time. Heroines in early film were given much more room to assert their desires and be rewarded for it.

"Never EVER accept a beverage from a spouse or sibling unless you personally observe them opening the container and pouring it right in front of you."

Yet another film that illustrates that point. There were several examples on Forensic Files including the devout fundamentalist Baptist in Oklahoma who kept offing his wives. (what was that about Jesus that Jesus Buddy said?)

OK film. A mixture of characters.

"Is there something strange in your neighbourhood, who you gonna call..... Ghostbusters!"
I'm pretty sure most of you'll remember this great popcorn movie from the 80s including some great creatures like Slimer or the Marshmallow Man. And I think the elder ones of you will remember the computer game from Activision as well.
This one is a remake of this game and the developers (Scottige and Trevor Storey) surely did a great job. They improved the graphics and the sound effects, but left the principle of the game untouched. So if you liked the original game you will like "Ghostbusters Remake" too.
